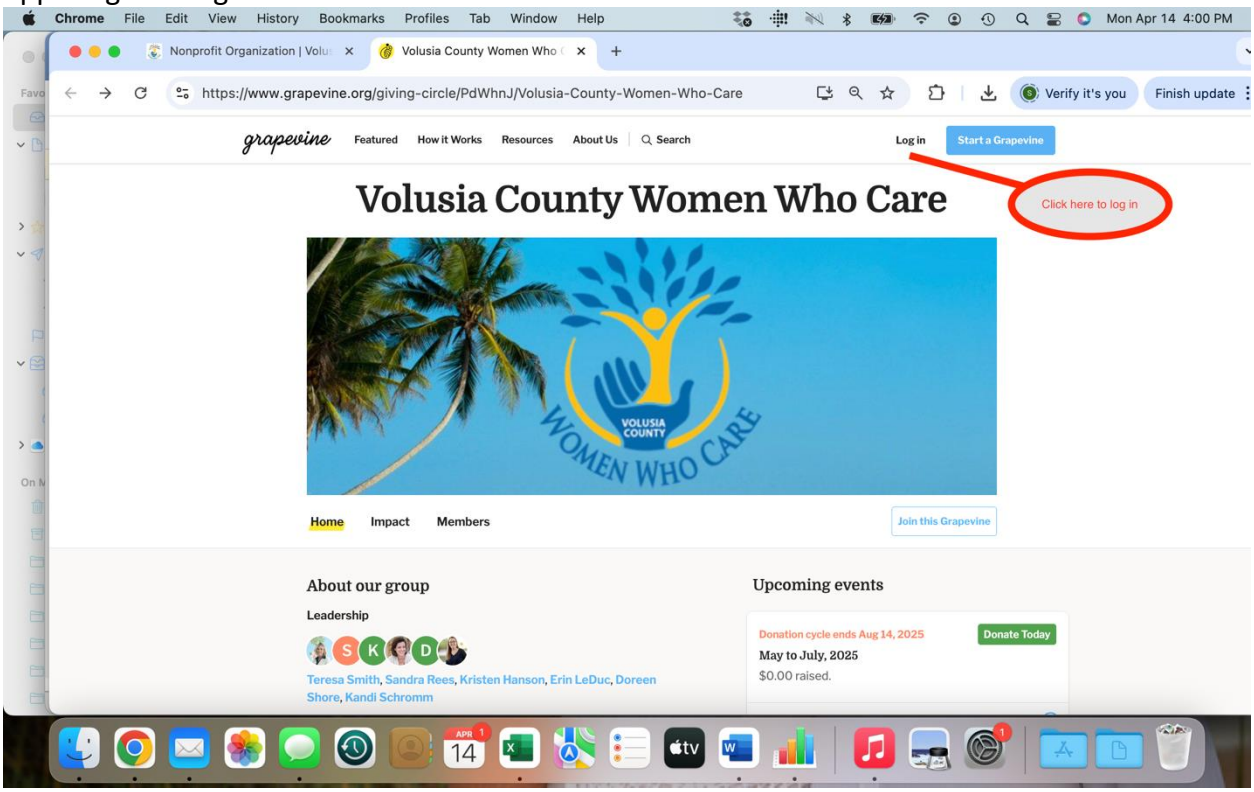
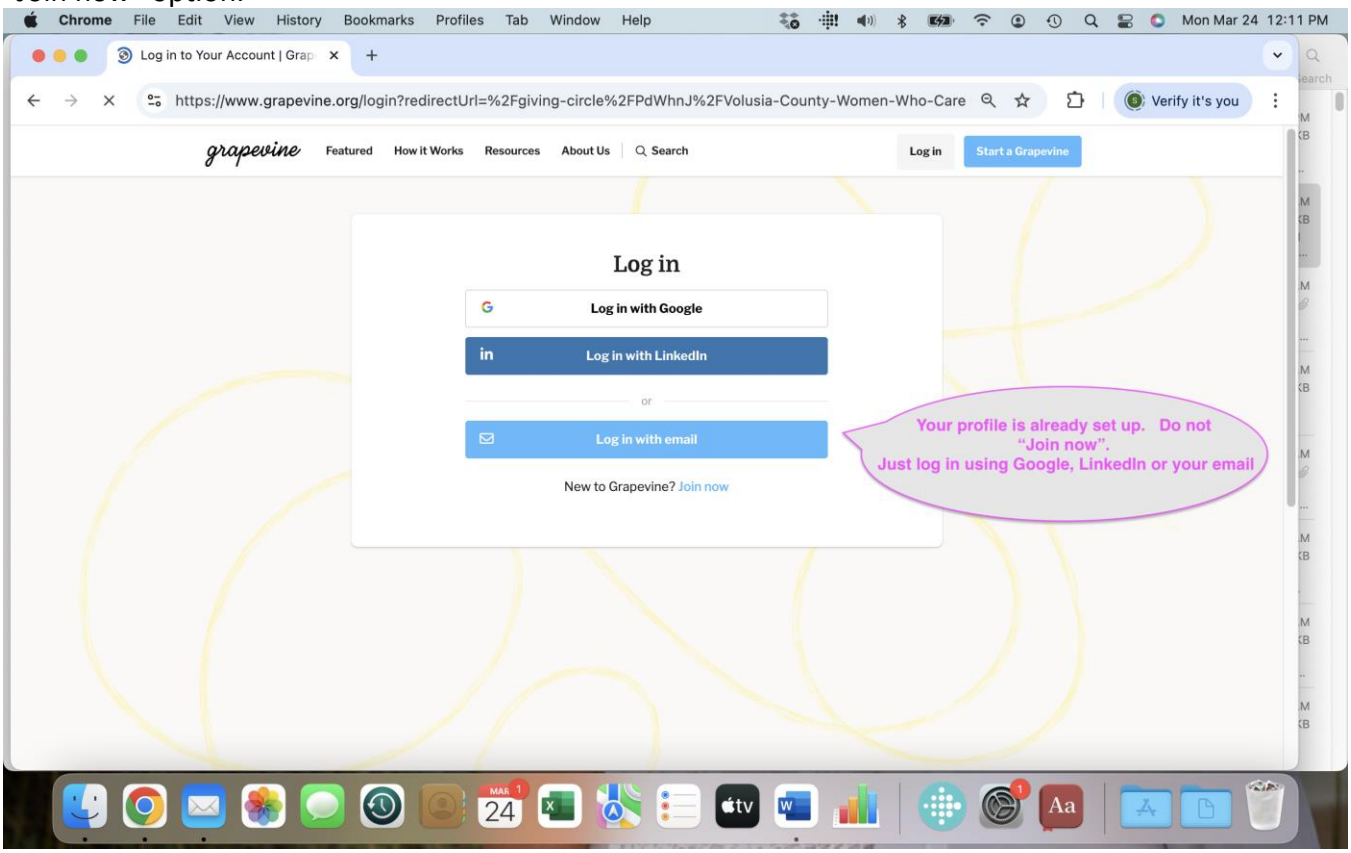
Volusia County Women Who Care – How to cancel your Grapevine Subscription

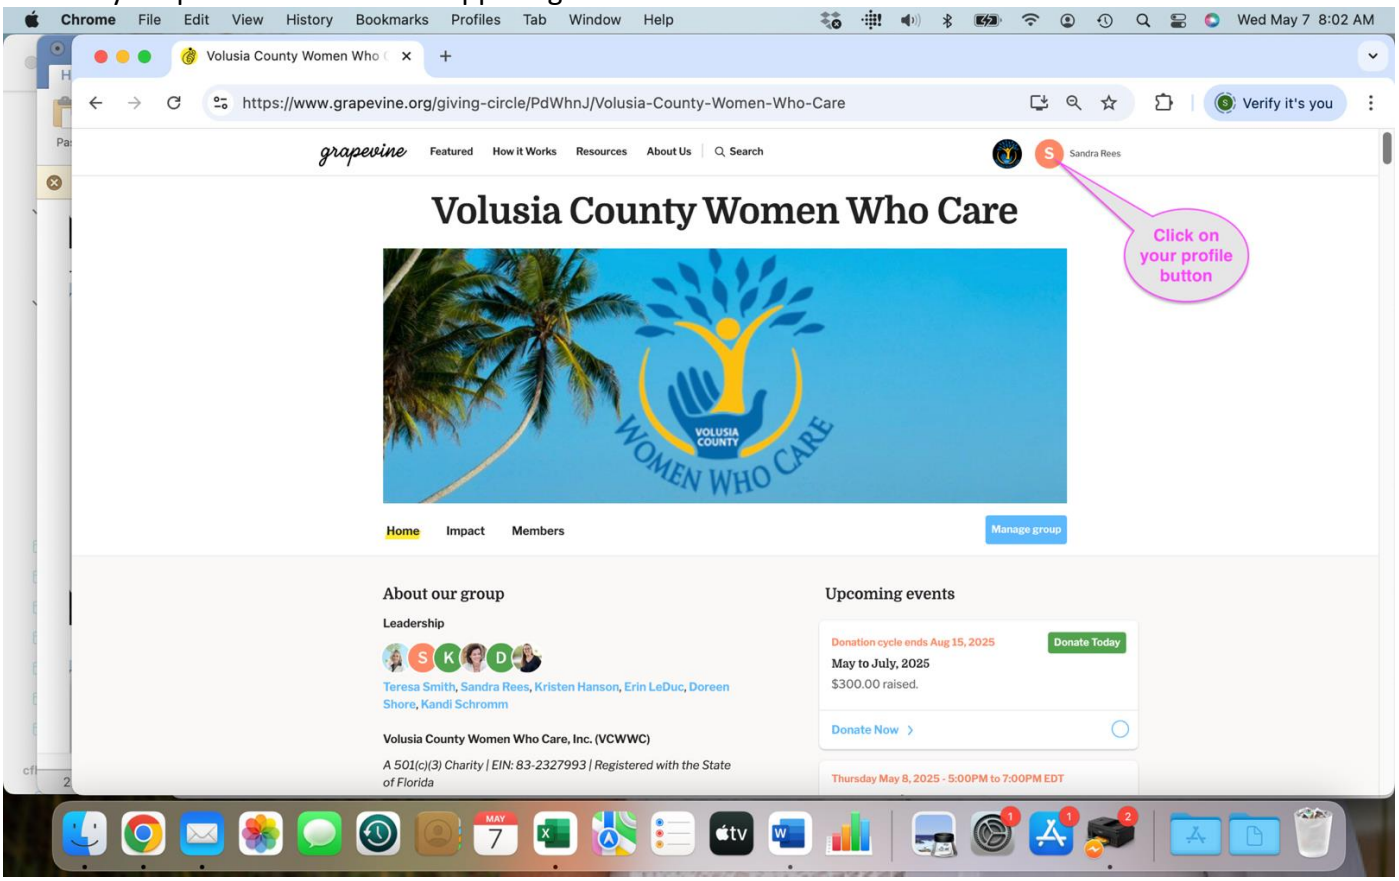
Go to: https://www.grapevine.org/giving-circle/PdWhnJ/Volusia-County-Women-Who-Care and click in the upper right to log in.



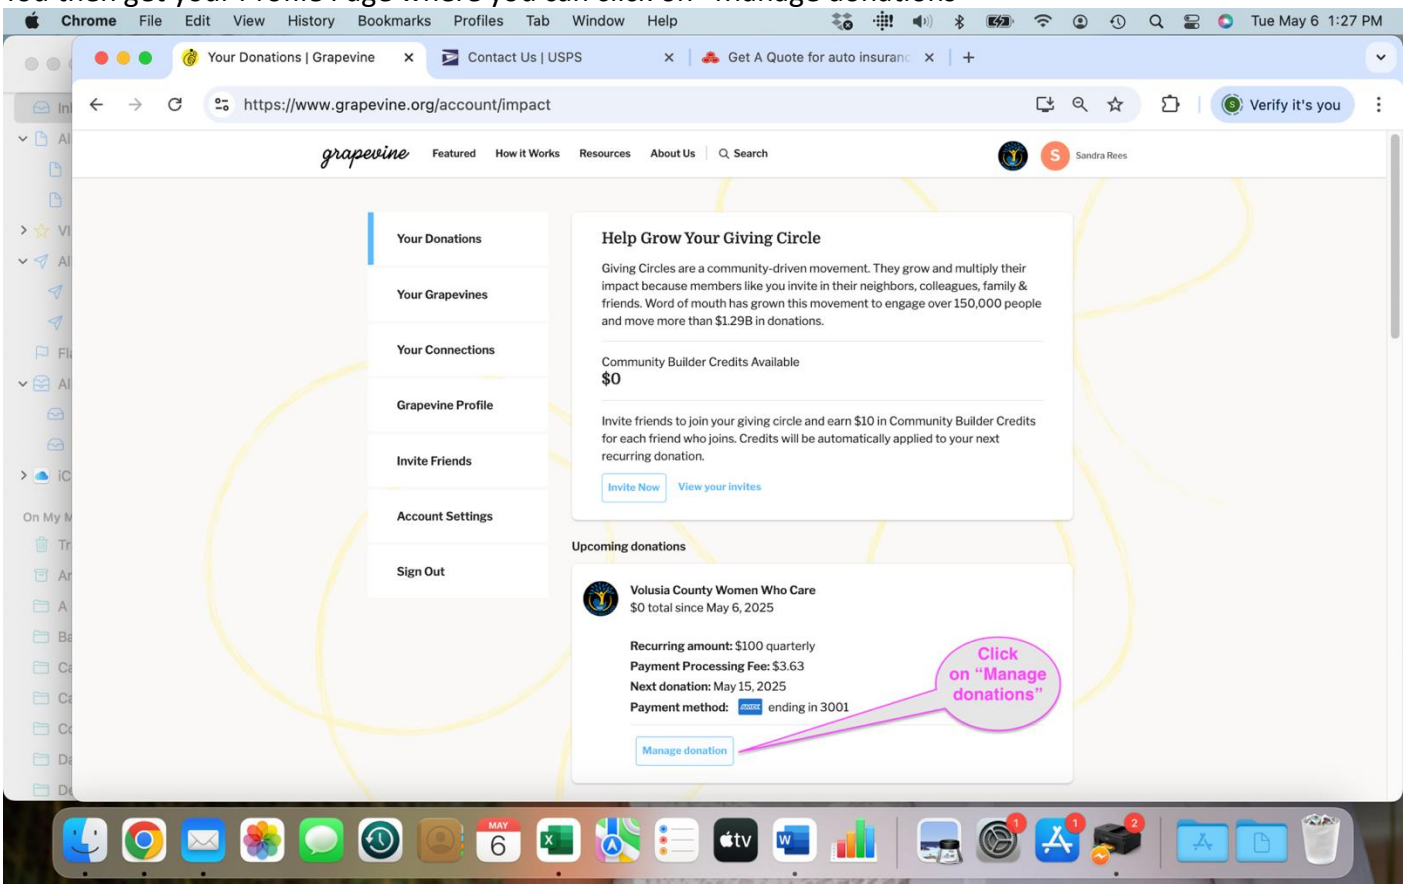
Then, log in using your email or other credentials. You already have a profile in Grapevine, so don't select the "Join now" option.



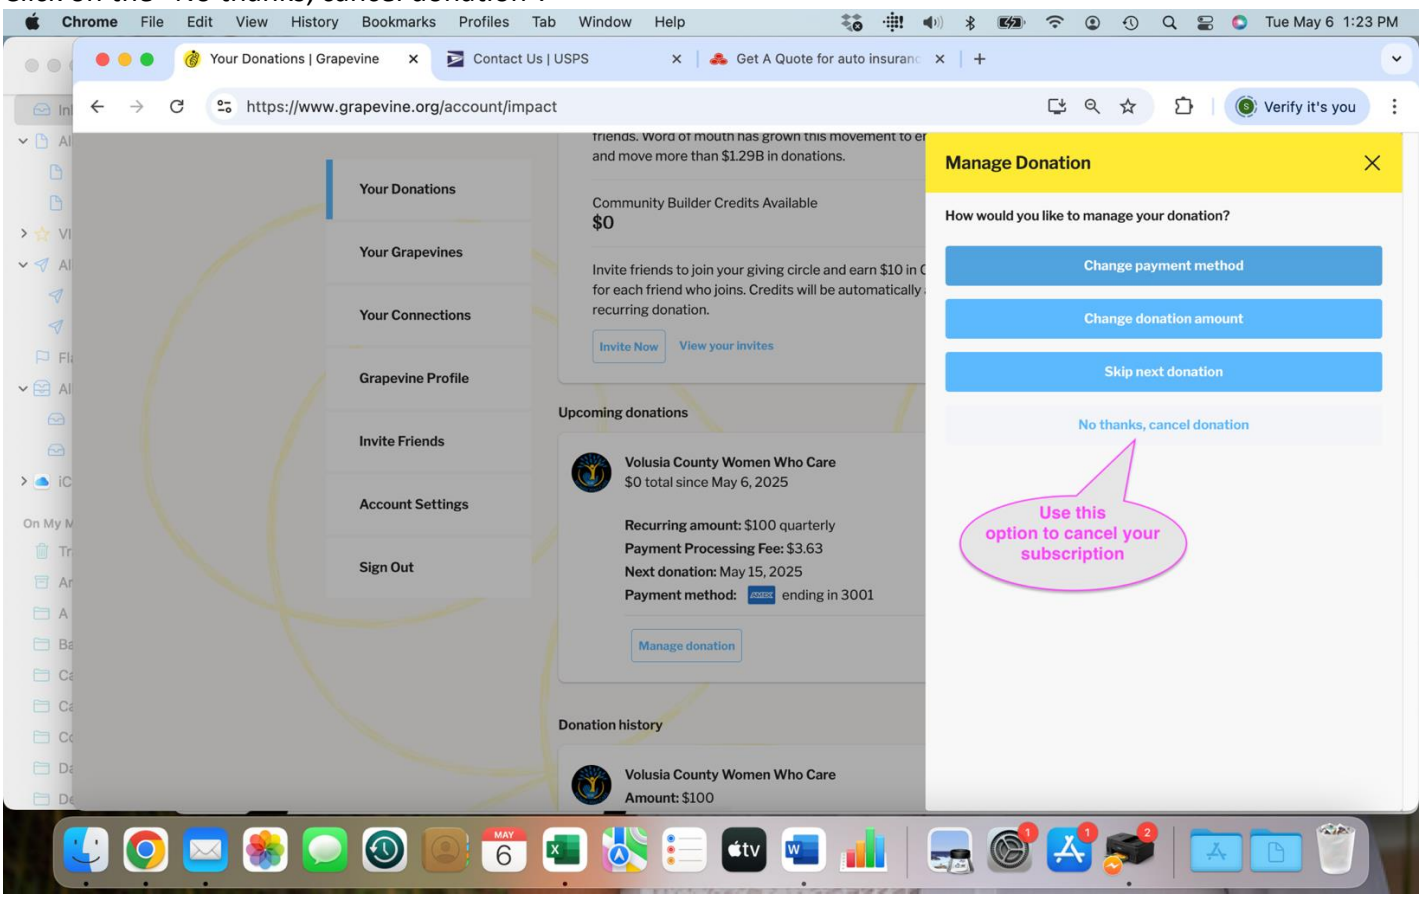
Click on your profile button in the upper right corner



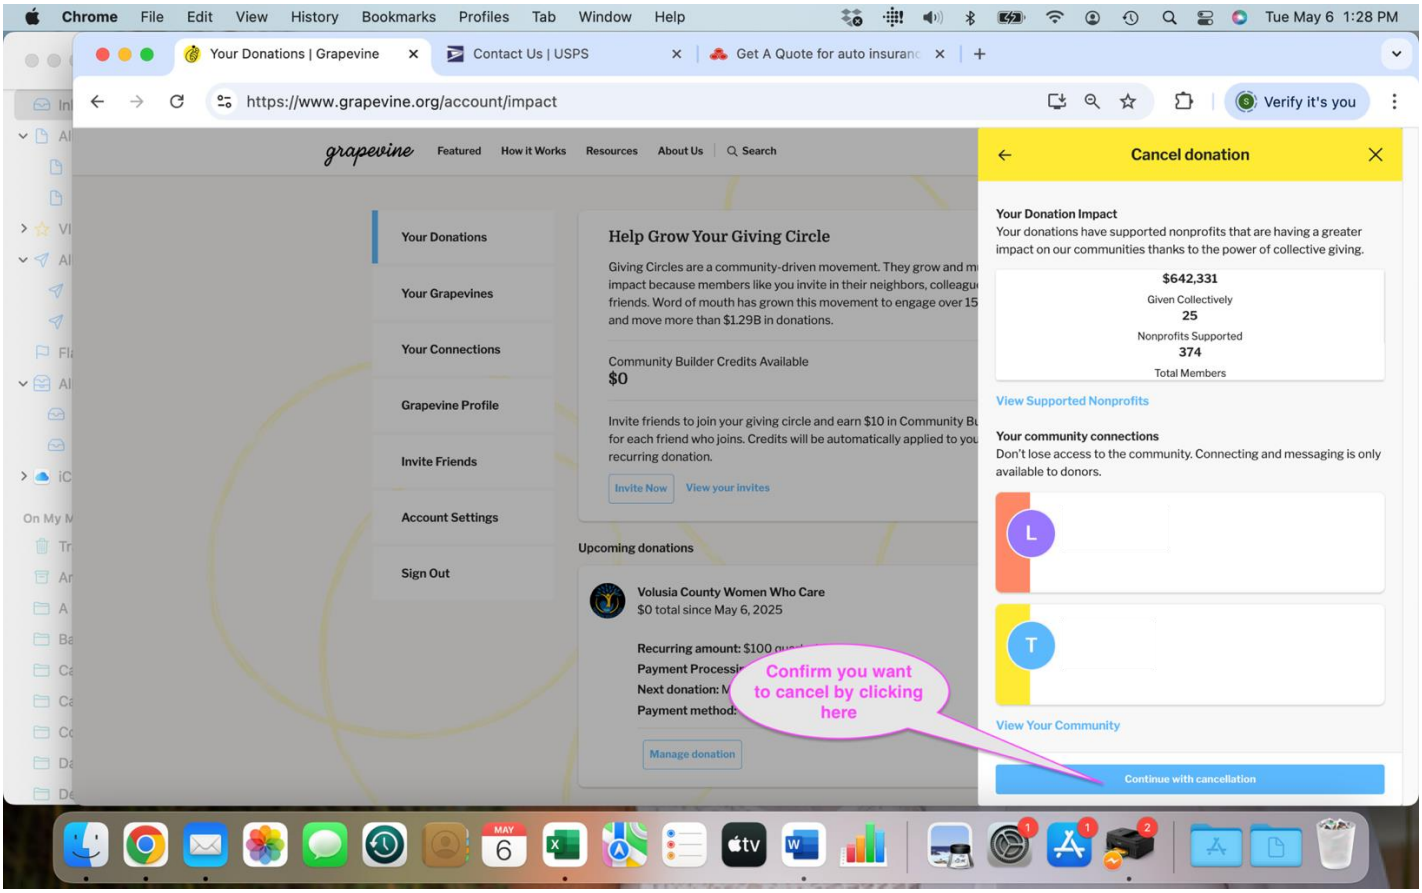
You then get your Profile Page where you can click on “Manage donations”



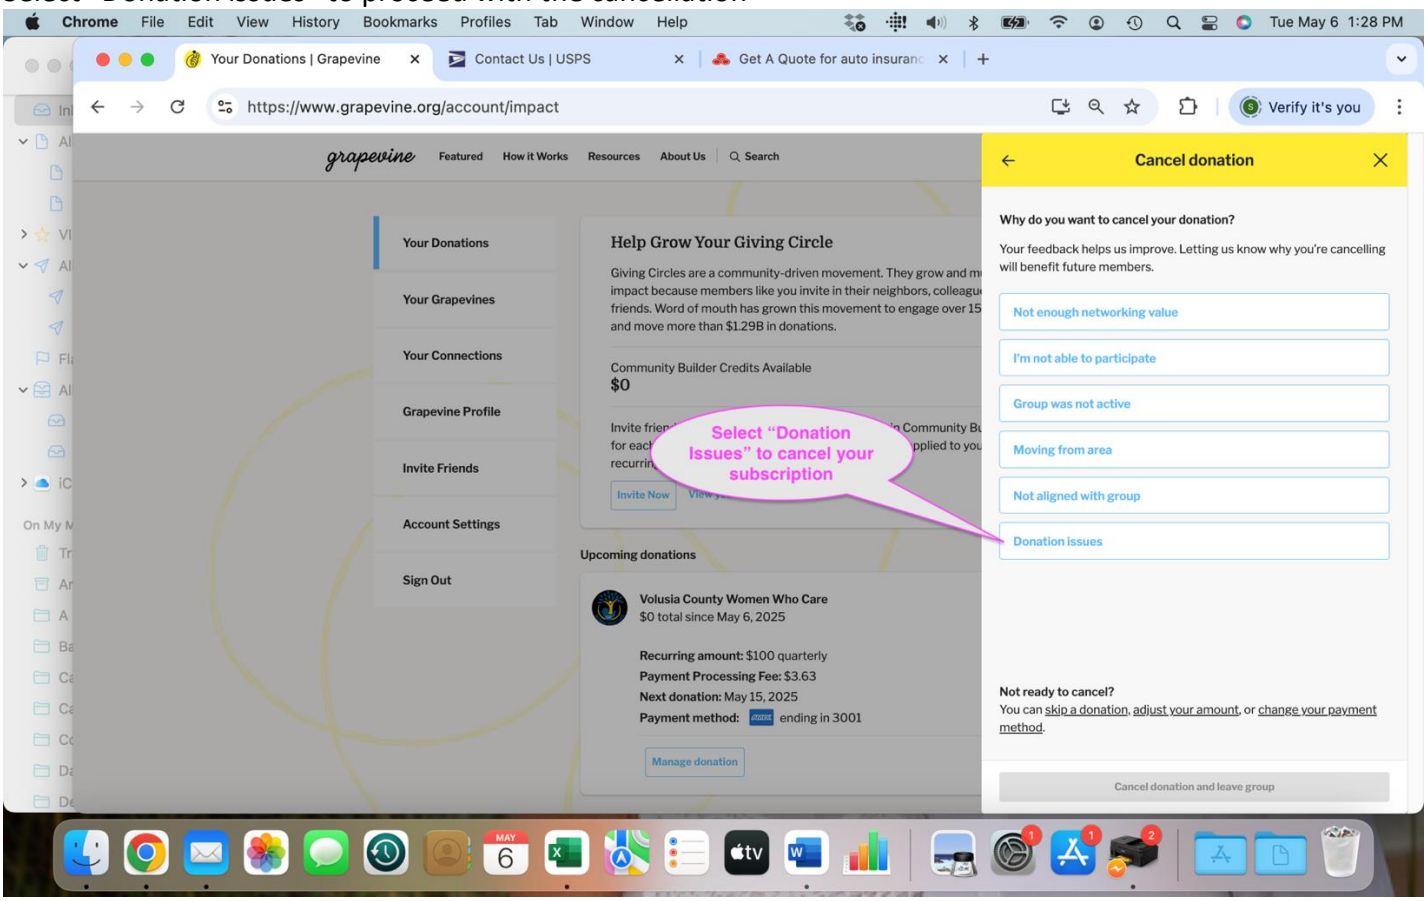
Click on the “No thanks, cancel donation”.



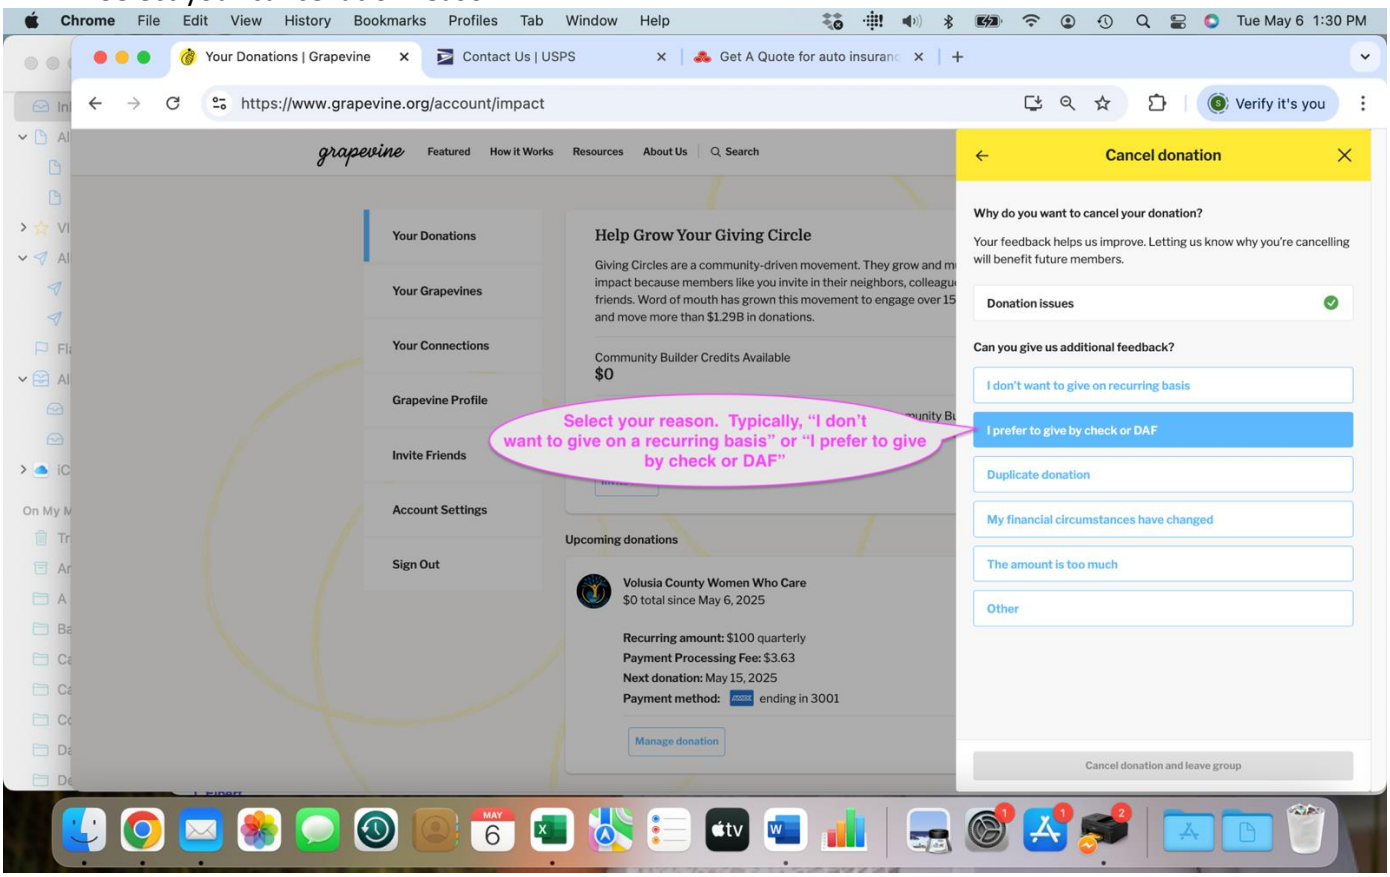
You will be shown a page that asks you to confirm your cancellation. Click on “Continue with cancellation”



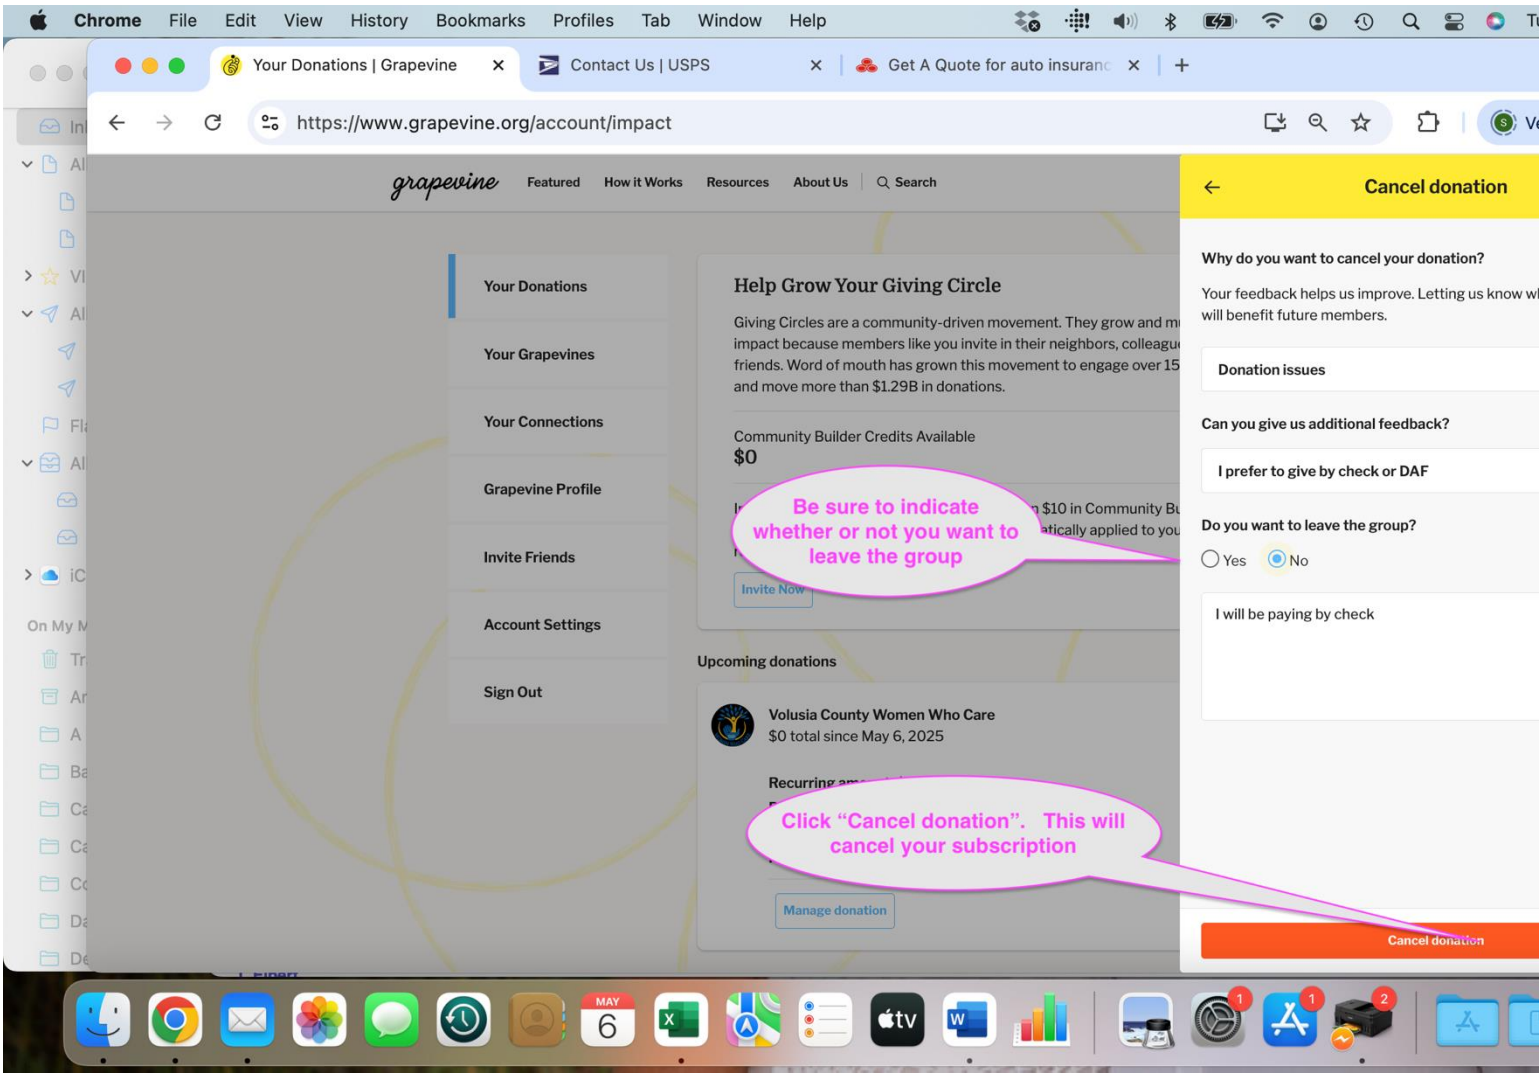
Select “Donation issues” to proceed with the cancellation

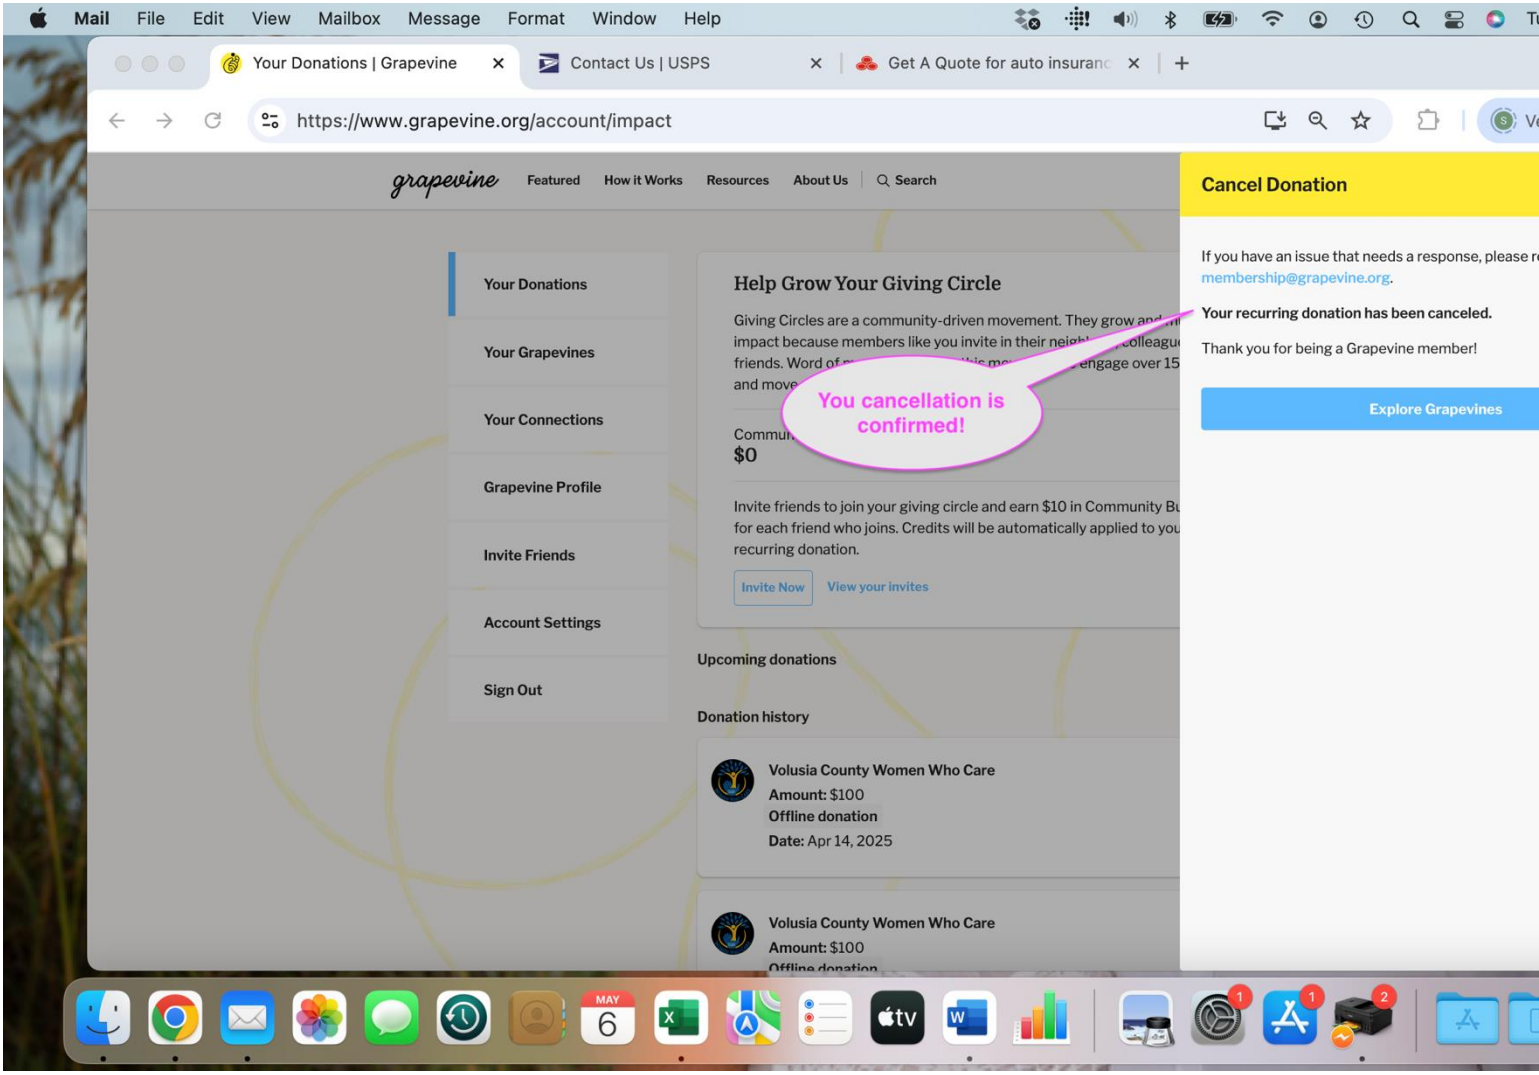


Select your cancellation reason.



You then get the final page to confirm your cancellation. **Be sure to note whether or not you want to leave the group.** If you are going to stop your subscription, but continue to participate by paying by check, you don't want to leave the group. Or if you are having issues and just need to stop for the moment and pick back up in the near future, you probably don't want to leave the group. You will remain on our membership roster and receive communications. However, if circumstances have changed and you do want to leave the group, select that option. You can rejoin at any time in the future.





Your subscription cancellation is confirmed!
